

Arts 2

Course Number	ARTS 100	Course Category	ARTS
Course Name	ARTS 100	Course Title and Number	ARTS 100
Department	ARTS	College	ARTS
Prerequisites	None	Credits per Week	3
Required Materials	None	Prerequisites (Prerequisites)	None

Course Objectives:
 1. The student will be able to identify and describe the various art forms and their historical and cultural contexts.
 2. The student will be able to identify and describe the various art forms and their historical and cultural contexts.
 3. The student will be able to identify and describe the various art forms and their historical and cultural contexts.

Evaluation Period	Student Learning Objectives	Student Learning Objectives	Student Learning Objectives
ART and Engineering	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.
Connection of Art	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.
Photo Story Telling	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.
Art Criticism	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.
Basic Engineering Drawing	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.
Art in Daily Life	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.
Drawing Art and Design	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.	The student will be able to identify and describe the various art forms and their historical and cultural contexts.

Relationship with Learning Outcomes

ARTS 100 is designed to provide students with the knowledge and skills necessary to understand the history and culture of art. The course is designed to provide students with the knowledge and skills necessary to understand the history and culture of art.

Learning Method

The course is designed to provide students with the knowledge and skills necessary to understand the history and culture of art. The course is designed to provide students with the knowledge and skills necessary to understand the history and culture of art.

Course Content

The course is designed to provide students with the knowledge and skills necessary to understand the history and culture of art. The course is designed to provide students with the knowledge and skills necessary to understand the history and culture of art.

Course Map 1

Week	Content and Method of Course	Goals	Practical BOC
1st week	Introduction class, Name/subject introduction.	Identify students, identify students, identify students.	
2nd week	Chapter 1: ART and Engineering	Identify students, identify students, identify students.	
3rd week	Chapter 2: Connection of Art	Identify students, identify students, identify students.	
4th week	Chapter 2: Connection of Art	Identify students, identify students, identify students.	
5th week	Chapter 2: Photo Story Telling	Identify students, identify students, identify students.	
6th week	Chapter 3: Basic Art Criticism	Identify students, identify students, identify students.	
7th week	Chapter 3: Basic Engineering Drawing 1	Identify students, identify students, identify students.	
8th week	Chapter 3: Basic Engineering Drawing 2	Identify students, identify students, identify students.	
9th week	Chapter 3: Basic Engineering Drawing 3	Identify students, identify students, identify students.	
10th week	Midterm Examination	Identify students, identify students, identify students.	
11th week	Chapter 5: Art in Daily Life (Drawing 1)	Identify students, identify students, identify students.	
12th week	Chapter 5: Art in Daily Life (Drawing 2)	Identify students, identify students, identify students.	
13th week	Chapter 6: History of Art: Western Art and Eastern Art 1	Identify students, identify students, identify students.	
14th week	Chapter 6: History of Art: Western Art and Eastern Art 2	Identify students, identify students, identify students.	
15th week	Chapter 7: Basic Drawing: Art and Design 1	Identify students, identify students, identify students.	
16th week	Chapter 7: Basic Drawing: Art and Design 2	Identify students, identify students, identify students.	
17th week	Chapter 7: Basic Drawing: Engineering 1	Identify students, identify students, identify students.	
18th week	Chapter 7: Basic Drawing: Engineering 2	Identify students, identify students, identify students.	
19th week	Practical: Conclusion of classroom project to each other.	Identify students, identify students, identify students.	
20th week	Final Exam	Identify students, identify students, identify students.
